Hey Alyse, tried multiple times but no luck. We did exchange emails today (Ex. 6 - Personal Privacy) Wanted to meet this morning (I was out) but told her I would stop by at one of the breaks tomorrow and hopefully catch her. Meanwhile, I've told Andrew to very closely walk St. Charles Rock Road today and photograph any area that looks uncertain (too wooded to see) and those areas Jodi's figure suggest there is drainage under the roadway. Hope to catch her tomorrow. Also wanted to see if she was interested in site visit Monday as I will already be there for CAG.
